CIRCULATING THROUGHOUT THE VAST AGRICULTURAL AREA OF PALM BEACH COUNTY

Legislative Clinic Scheduled March 4

Proposed legislation from Palm Beach County will be reviewed March 4 at a legislative clinic to be held by the county's legislative delegation. The clinic, a day-long conference between the delegation and sponsors of individual bills, will be held at the court house and get underway at 9:30 a. m.

The delegation including State Sen. Russell O. Morrow and Reps. Emmett Roberts and F. O. Dickinson, completed plans for the clinic Monday when they met with the county commission. Sen. Morrow said that in the event all proposed legislation could not be reviewed on the day set aside for the clinic, an additional session would be scheduled.

Morrow also asked that proponents of legislative matters have their proposals in bill form when meeting with the clinic. He asked that sponsors of local bills present their ideas at the clinic pointing out that in the last session about 100 local bills were brought to Tallahassee from this area and that only 20 of them had been reviewed in the clinic.

"We assume," Morrow said, "that bills presented to the clinic are good wholesome legislation. We also assume, that bills which are brought to us at the last minute contain certain provisions that are not in the public interest."

Last minute legislation is not fair to the delegation, to the legislators or to the proponents of the bill, Sen. Morrow said. In the press (continued on page 8)

Federal Census Is To Start In County

An early start on a federal census for Palm Beach County was seen this week with word from federal authorities that schedules for the count are now being prepared. Sometime ago the commission, at the request of the county legislative delegation, voted to take a census of the county and petitioned the Federal Bureau of Census to do the job.

The week the Bureau of Census acknowledged the \$5,000 deposit transmitted by the county and informed the commission that the Regional Census supervisor at Atlanta had been instructed to prepare schedules for taking the count. The census is expected to be completed for the start of the coming legislative session in April.

ROYAL AMBASSADORS

The Junior Royal Ambassadors met at the Pahokee First Baptist Church with their leader, Mrs. W. H. Kemp Monday afternoon when a program on Cuba was presented and a mission study book on Alaska was reviewed. Plans were made to attend the RA banquet scheduled at the church for Thursday night.

Council Toughens On Garbage Fees

The Pahokee City Council Monday night decided on a "get tough" policy in regard to the collection of delinquent garbage collection fees, in some cases as much as 15 months in arrears. Councilman Louis Mims, sanitary commissioner pointed out that the present fee collected quarterly doesn't anymore than pay for 50 per cent of the city's cost of collecting the garbage. It was announced that starting in the near future court summons will be issued in the most flagrant cases of delinquency in garbage collection tax payments.

Councilman James H. Wilkinson, Jr., gave a preliminary report on plans for the construction of 1,200 feet of sidewalks in the southeast residential section. Wilkinson was asked to estimate the cost of filling in the dead canal paralleling Lake Avenue in the Negro section for use in parking cars and report at the next meeting.

If your children own BB guns, sling shots or rifles, please warn them that it is unlawful to kill any migratory birds and practically all native birds except in a few instances where they have become pests to farmers. Teach your children to love birds instead of trying to kill them, usually done for the egotistical sport of seeing how good a shot they are. Help protect our precious birds—they help preserve your flowers and gardens and fill the air with joyful song.

The program yesterday was in charge of Bill Plumer who introduced Miss Jane Plumer and Miss Janet Raley of the Palm Beach County Health Department. They told Rotarians of work done by the health department and also apprised their listeners of the coming Chest X-Ray Survey.

A new group to be known as the State Association of County Engineers will be organized at the annual convention of the State Association of County Commissioners to be held in Jacksonville on March 24, 25, 26, according to Robert L. Griffin of Fort Pierce, president of the commissioners group. President Griffin today announced appointment of Palm Beach County Commissioner Paul Rardin, a past president of the state commissioners group, to have charge of the organization of the new group of engineers.

Commissioner Rardin pointed out that counties not having recognized engineers will be asked to send their road superintendents to the organizational meeting in Jacksonville on the morning of March 24.

At that time plans will be made by the engineer group with a constitution and by-laws committee appointed so that permanent organization can be perfected at the next Mid-Year Conference of the commission group scheduled to be held in October 1955. Temporary officers will be elected in Jacksonville to carry out the organization work, Rardin said.

From where I sit ... by Joe Marsh

Swifty Gets Slowed Down

Swifty Fisher has a short temper and really hit the roof when he got a parking ticket last week. He wasn't near a hydrant or too far from the curb. There was a big sign saying "ONE HOUR PARKING" and he'd only been gone twenty minutes.

Running to Traffic Court, where Hack Miller was on duty, Swifty hollered how he hadn't done anything wrong... how he is the most law-abiding driver in town.

But Hack examined the ticket, and smiled. "Slow down, friend," he said. "You're not guilty—ex-

cept of making a big fuss over nothing. This ticket came from some kid's policeman play out!"

From where I sit, jumping to conclusions can make anyone appear silly. Another way to look foolish is to make a quick decision on a question of personal preference. For instance, I like a glass of beer occasionally. You may be a buttermilk man. But neither of us ought to "lay down the law" about the other's choice.

Cinematic Chatter By Malcolm Miller

Hello everybody! Five years ago Shelley Winters couldn't get a job in Hollywood at any salary. Today she is a far cry from the knock-on-any-studio-gate role she played then. Now Miss Winters is one of Hollywood's top stars. When she isn't working in a picture there's a good chance she can be seen singing or dancing in a night club. When she is working, however, neither love nor money can get her out for the evening, for she is "too busy studying lines for the next day's shooting. Until Shelly got her chance at fame as the waitress murdered by Ronald Colman in "A Double Life," she was considered "just another featured player. But shortly after the film's release the public spotted her and a sensational newcomer was on her way. However, her success really dates back to the age of three when she inadvertently entered an amateur contest in her native St. Louis, Missouri, where she sang the then popular "Moonlight and Roses."

"The more they tried to get me off the stage, the louder I sang," recalls Shelly. The result filled her with the philosophy that if she worked hard enough—"and loud enough"—she'd get whatever she wanted. She learned a bit about music from her mother, Rose Winters, an opera singer with the St. Louis Municipal Opera Company.

She modeled clothes in a New York Department store when the family moved to Brooklyn. Nights she spent studying dramatics. She soon received her first paying-singing acting job on Broadway, "Conquest of April." This was followed by other stage roles, one of which, in "Rosalinda" in 1942, brought her to Hollywood. See you at the movies—Mal.

Scout Fund Drive Being Discussed

Final plans for the annual Boy Scout fund drive in the Glades District of the Gulf Stream Council, BSA, were discussed by district officials at a business meeting in the Community Hall at Canal Point Thursday evening, of last week with Gid Brown, district chairman, presiding.

The drive was set to get underway with a kickoff breakfast at Belle Glade Tuesday, Feb. 15. It was announced this year's quota for Belle Glade is \$3,500; for Clewiston, \$2,000; for Pahokee-Canal Point, \$2,000, and South Bay, \$750. Last year's GSC budget was \$29,000 and the goal for this year's drive has been raised to \$38,000 to cover increased Scouting activities planned by the Council.

The immediate need for the reactivation of Boy Scout work and troop sponsorship in the Pahokee area in order for that area to be eligible to operate within the administration of the Gulf Stream Council was also discussed at the meeting.

LeRoy Hight of West Palm Beach, field executive of the Gulf Stream Council, was among the 21 officials present.

Canal Point Boy Scout Troop 24 was host at the dinner served to the officials during the meeting, the menu featuring barbecued chicken, swamp cabbage salad and baked beans. Troop 24 scouts who assisted Scoutmaster Phelix A. Slonaker with dinner arrangements were Johnny Smith, Willie Veal, Warren Repper, Gene Haggins, Mack Pickard, Kenneth Williamson and Johnnny Yoemanns.

Conservation Board Has New Director

JACKSONVILLE—Charlie Bevis, former director of the State Board of Conservation, is the new executive secretary of the Southeastern Fisheries Association, Inc. with headquarters here.

Bevis steps into the post recently vacated by George E. Steele, Jr., who has accepted a position as director of the Fishery Products Division of the National Canners Association. Steele will have Washington, D. C. as his headquarters.

Savings Bond Sales High In January

"1955 Savings Bond sales got off a sensational start in Florida with almost a .30 percent gain over the opening month of 1954," it was reported today by H. M. McIntosh, Pahokee Savings Bonds Committee Chairman. "The amount was \$6,482,075. This was 8 1/2 percent of the year's quota of \$76,400,000 and is a higher percent of the year's expectation than the month of January customarily produces," Mr. McIntosh said.

Palm Beach County purchases were \$294,981. Only 14 of the state's 67 counties produced lower volume than in January 1954. While county quotas have yet been announced by the state office of the Savings Bonds Division, it appears that the best beginning has been made toward quota attainment of any year since the war.

Collier County Prospects For Oil

Cub Scouts Receive Their New Charter

A new charter for Pahokee Cub Scout Pack 23 was formally presented to its sponsor, the Parent-Teacher Association, at the February PTA meeting held in the high school auditorium Monday night with Mrs. John A. Dulany, president, presiding.

George King of Belle Glade, Glades District commissioner of the Gulf Stream Council, BSA, presented the charter to Louis Mims, institutional representative for PTA. Mr. King briefly explained the Scouting setup from the national organization down to the local troop units. He commended Mrs. E. J. Graham, Cubmaster Jack Phillips, Mr. Mims, the den mothers, committee members and other workers for the excellent job they have done in reactivating and reorganizing Pack 23 which had the highest percentage in attendance of any pack in the Gulf Stream Council last month. He congratulated PTA for its sponsorship of such an active cub pack but at the same time he gave warning that for the past two years support of the Scouting movement on the whole has been at a low ebb in Pahokee and unless this support shows decided improvement within the next 30 days Pahokee will be dropped from the Gulf Stream Council for lack of support. It will be necessary for the community to furnish eight men interested in Scouting to work on the Glades District Committee and raise a high proportion of its \$2,000 quota in the current GSC Scout Fund drive in order to regain a good standing in the Gulf Stream Council, he said.

Mrs. Richard G. Uhl, PTA County Council president, gave a brief Founder's Day talk in which she reviewed the organization of PTA 58 years ago. She also told of the ways in which the County Council assists the 37 PTA units within the Council with their work chiefly through sponsorship of educational training courses and introducing new ideas for more effective PTA activities. Mrs. A. T. Langford, president of the Palm Beach High School PTA, spoke briefly of the purpose of the annual "Founder's Day Gift." Donations collected annually on Founder's Day are used exclusively for PTA extension work, she said. The guest speakers were introduced by James W. Vann, program chairman.

A motion was passed to accept for study an entirely new set of by-laws, revised under the direction of Ned Kocher, parliamentarian, and call for a vote on the adoption of the revised by-laws at the March meeting.

The group voted \$9 for the purchase of two new flags for use by Cub Scout Pack 23; also a \$5 donation to the PTA National Building Fund.

Mrs. R. T. Smith read the Founder's Day message from the national president and reported on the recent study course sponsored jointly by the Pahokee and Canal Point PTA's. The group gave a vote of thanks to the Rev. E. William Palmer and Mrs. W. C. Young for their work in teaching the course.

Plans were made to send local delegates to the PTA District Meeting at Vero Beach, March 16.

The monthly attendance awards were won by Miss Martha Bridges' first grade room at the elementary school and by the eighth grade group at the high school.

On the hostess committee in charge of serving refreshments following the meeting were Mrs. Doris Spooner, Mrs. Barbara Branch, Mrs. Elise Tyson and Mrs. Elsie Sims.

Mr. and Mrs. Noel Byers, who are moving from San Leandro, Calif., to West Palm Beach, were recent guests of her brother-in-law and sister, Mr. and Mrs. Wade Ammons, at Canal Point.

Robert Chamberlain has returned from Middletown, Ohio, where he was called recently by the illness of his mother, Mrs. Catherine Chamberlain, 87, who suffered a hip fracture in a fall.

In the initial games with these two opponents they defeated Stuart, 42-36, Jan. 21 and were nosed out of a victory, 55-58, by Clewiston Jan. 18. Both games will be doubleheaders with the B teams tangling in the preliminaries.

Huge Amount Set For State Expenses

TALLAHASSEE — The State Budget Commission has recommended an appropriation of \$374,000,000 to meet expenses of government for the next two years.

The Budget Commission took no action with reference to the state building program preferring to the state building program preferring to leave this to the legislature.

Even with the increase in operating costs, the Commission trimmed \$28,000,000 from the requests of various boards and departments.

WHICH ONE DO YOU WANT?

you can have your dream house—this easy way!

A dream? Not at all. Thousands of people with modest incomes have been able to save the down payment, or the whole price, of the home of their dreams—because they invested in U. S. Savings Bonds on the Payroll Savings Plan. Look at the chart on this page. See how you can accumulate enough money for the down payment on a home. Or enough for your children's college education or a retirement income. And by saving only a few dollars a week, too.

The answer is that you save *systematically* on the Payroll Savings Plan. All you have to do is tell your pay office how much you've decided to save each payday (it can be as little as a couple of dollars). After that your money is saved for you, *before* you get your salary. Then each time enough has accumulated, it is invested in a Bond, and the Bond turned over to you.

And remember—your U. S. Savings Bonds now will bring you an average of 3% interest, compounded semiannually, for 19 years and 8 months. That's why the money you put into Bonds now *grows* to such a surprisingly big sum.

Why don't you start—today? Sign, where you work, for the Payroll Savings Plan. Or, if you're self-employed, have your banker enroll you in the Bond-A-Month Plan. It's as easy as the Payroll Savings Plan.

*How you can reach your savings goal
on the systematic Payroll Savings Plan*

	If you want approximately

Each week for 19 years and 8 months, save...	\$3.75	\$7.50	\$18.75

This chart shows only a few typical examples of savings goals and how to reach them through Payroll Savings. You can save any sum you wish, from a couple of dollars a payday up to as much as you want. The important thing is, start your Pm today!

Christian Science Group Of Canal Point

God's infinitely wise and intelligent government of the universe, including man, will be brought out at Christian Science services this Sunday.

Keynoting the Lesson-Sermon entitled "Mind" is the Golden Text "Jacket wisdom, let him ask of God, from James (1:5): 'If any of you that giveth to all men liberally, and upbraidth not; and it shall be given him.'

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy the following passage will be among those read (215:12): "Whatever is governed by God, is never for an instant deprived of the light and might of intelligence and Life."

Scriptural selections will include the following from Proverbs (3:13): "Happy is the man that findeth wisdom, and the man that getteth understanding."

Mrs. S. A. Williams of Canal Point underwent surgery in St. Marys hospital in West Palm Beach on Wednesday of this week.

New Members Join Hibiscus Circle

Mrs. Edgar Wilder, Mrs. J. T. Platt and Mrs. C. C. Lemmons were welcomed as new members of the Hibiscus Garden Circle at a meeting Tuesday morning at the home of Mrs. H. J. Anderson, with Mrs. L. W. Armstrong, co-hostess.

The group voted to assist with the landscaping and beautification of the Everglades Memorial Hospital grounds with Mrs. Lloyd Hundley and her civic committee to be in charge. It voted also to have the secretary write to the State Road Department for permission to plant royal palms along the side of the highway on SR 15 from Pahokee to Canal Point like the row of royal palms planted by the circle three years ago along Bacon Point Road, SR 717.

Mrs. C. M. Todd, chairman, named Mrs. L. W. Armstrong, chairman, Mrs. O. B. McClure and Mrs. Jess W. Reel on a nominating committee to recommend a new slate of officers.

Mrs. Ruth Meredith, public parks supervisor, reported the unsightly growth of wild shrubs, trees and vegetation along the canal bank at the foot of the lake levee opposite to the city park and Pioneer Park has been cut down and cleaned up by a crew of workmen furnished by the city.

Mrs. Leo Maxwell, program chairman, introduced as speakers Mrs. C. L. Shirley who gave a talk on "Color Harmony" and Mrs. Frank Friend, on "Flower Arrangements". Mrs. Friend also read an article entitled "I Married a Flower Arranger."

It was announced the annual convention of the State Federation of Garden Clubs will be held in Jacksonville April 14-16.

Following the meeting Mrs. Anderson guided circle members on an inspection tour of her garden.

Truck Wrecks And 13 Cattle Killed

Thirteen cattle were lost around 10:30 Tuesday morning when a trailer-truck driven by Frank L. Maloney of Belle Glade traveling south on SR 15 sideswiped a pickup truck driven by H. J. Anderson in front of Kennedy's store three miles south of Pahokee and nosed into the canal. Neither Maloney or Anderson were hurt, however, Franklin Sheffield of Belle Glade was painfully gored in the left thigh while helping to save seven of the 20 cattle in the trailer and was taken to the Everglades Memorial Hospital for emergency treatment.

The loss of the cattle, which were being delivered to Max Bauer at Hialeah, was estimated at \$2,000. The damage to the trailer-truck was also estimated at \$2,000 and to the pickup, \$100. Trooper Charles McWilliams investigated.

Tinker Christian Is Cited By Airforce

Raymond L. (Tinker) Christian, Jr., son of Raymond Christian, Sr., of Clewiston and Mrs. James A. Zell of Charlotte, N. C., is a member of the Airforce stationed at Orlando. Just recently he was cited by USAF Major John Trapman as the "Outstanding Airman" of the 19th Armament and Electronics Maintenance Squadron. The citation said that he had been selected from a large group of equally qualified airmen because of his initiative and demonstration of abilities in the construction of an auto-pilot mock-up.

The Major's letter said that Airman Christian's devotion to duty, initiative and general performance in addition to his selection as "Outstanding Airman" reflects a credit to himself, the United States Air Force and his country.
